MIRROR

reflecting the events of the year

A Reflection from the Editors

When the word "mirror" is mentioned, one usually pictures in his mind a smooth, silvery, highly polished surface which reflects the images of tangible objects. This, however, is only a bare, denotative definition of "mirror," for we the editors feel that mirrors are possibly not the only reflectors, and that thoughts and memories, in addition to palpable objects, can also be reflected. For instance, consider this school yearbook. Having chosen reflections as our theme this year, we are striving to give to the M.H.S. student a permanent record of his high school life, as a stimulus for further "reflections" which this Mirror will provide at its owner's fancy. As you leaf through this book, you can see, reflected on its pages, all the people, places, and things that comprised the activities and events of this school year, which we hope, will rejuvenate now and in the future a myriad of memories, moods, and thoughts.

Superintendent

Administration

As we look back on the past year, we recognize immediately the importance of our principal, Mr. Devlin. He is the chief administrator of the high school. His supervision at our many school-sponsored activities reminds us of the different phases of his job. Mr. Devlin willingly gives advice and assistance to the students of our school.

Miss Heady is school registrar and secretary to Mr. Devlin. Without her in the office, many of us wouldn't have received the important messages phoned to us at school. Seniors owe a special thanks to Miss Heady for the interminable hours spent preparing words submitted with college applications. And where would we be without the absentee slips and morning notices?

Edward Devlin, *High School Principal*

"Don't just do something, stand there!"

Helen Heady, *Registrar*

"Turn it over, it's upside down!"

Administration Staff

Burton J. Thomas, *Business Manager*

The Administration Staff carries on work concerning the Superintendant and the Board of Education. The staff includes Melsa Clapp, secretary to Mr. Button; Mildred Wagner, School Tax Collector and secretary in the business office; Elsie Quintern, Clerk of District and Account Clerk; and Mr. Thomas, Administration Assistant.

Curriculum and Guidance

Clifford Wise, *Curriculum Coordinator*

Mr. Clifford Wise, curriculum co-ordinator, is responsible for the effective execution of a carefully planned curriculum for grades one through twelve. Since he must always be one step ahead of the current trends in education, he constantly visits various classes to understand the problems facing modern education. Because of his thorough knowledge of the curriculum system at Medina High School and because of his vast experience in the field of curriculum co-ordination, Mr. Wise has become an integral and indispensable member of our administration.

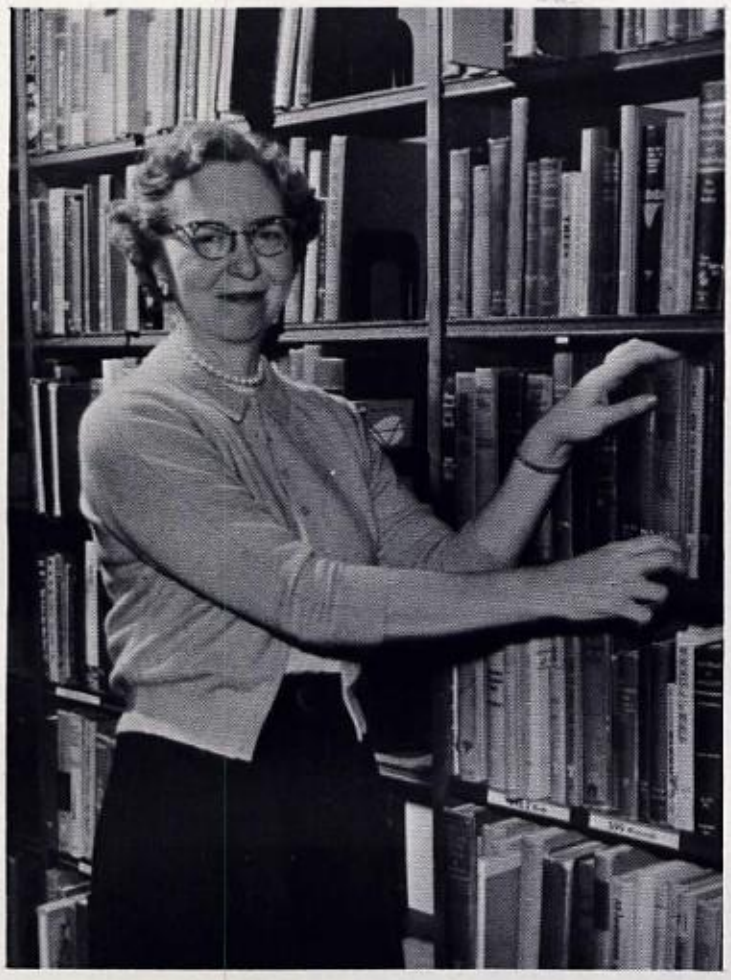
Elizabeth Childs, *Girls' Guidance Director*

David Parsons, *Boys' Guidance Director*

You may wonder now that the wonderful class of '63 is about to depart what Mr. Parsons and Mrs. Childs will do with all their spare time. Don't forget, however, that this year's great junior class will need all the help available in making their post-graduate plans. Freshmen, take heart! Our guidance directors actually care about you and want to help you with your problems. Sophomores, it's never too early to start thinking about your career and what college you would like to attend. Whatever your problem, two very experienced consultants are always available.

Our guidance department, in just four years, performs the seemingly impossible task of counseling all students during their transformation from verdant freshmen to "grand ole seniors." During the freshman year, a parent-student-counselor meeting is held to make out a tentative schedule for the remaining three years. During the sophomore and junior years, this schedule is constantly checked and the necessary alterations are made. The guidance department is equipped with a large assortment of college materials, which are always available to interested students. In the junior and senior years, Mr. Parsons and Mrs. Childs attempt to aid the student in deciding what to do after graduation. The college choices are made on the results of aptitude tests, personal preferences, and entrance requirements.

Library



Helen Gilmeister, *Librarian*

Our school library has many purposes. It furnishes reference materials to supplement work done in the individual classes, provides leisure reading, encourages people to read for enjoyment, and teaches the students how to use the library wisely. Under the supervision of Miss Gillmeister, Library Club girls take over many of the daily duties of the library. A few of these duties are checking books in and out at the desk, helping to get new books ready for circulation, arranging bulletin board displays, and repairing books. These girls do a very fine job in helping our library run smoothly.

The Paper-Back Book Store, which was started one and a half years ago, helps the student realize the fun of reading and also helps him build up his own personal library. All types of books are represented in the collection.

Miss Gillmeister is always eager to help us in any way possible. We owe much to our library and librarian.

"Reading and research"

English

Standing: Ida Cola, Richard Scott, Donald Sleight. *Seated:* Ruth Donahue, Donald Donahue, Joann Brundage.

In English I through III, the classes are divided into three tracks; Advanced, Regents, and Non-Regents. However, in English IV, a fourth track is added. Advanced Placement, a college level class, is offered to seniors showing a superior grasp of language and literature.

The purpose of the different tracks is to develop the abilities and interests in English according to individual competency.

Another program, that of speech, offers training in the oral aspect of English.

The English Department wrote its own curriculum using the New York State Syllables as a basis. The objective is to aid the student to expand according to his needs.

"Here's your homework back."

"Back in Boston . . ."

"I'm sorry but I can't help you with your math."

"And to think cavemen used to do this on cave walls."

What could possibly be so enjoyable in an English class?

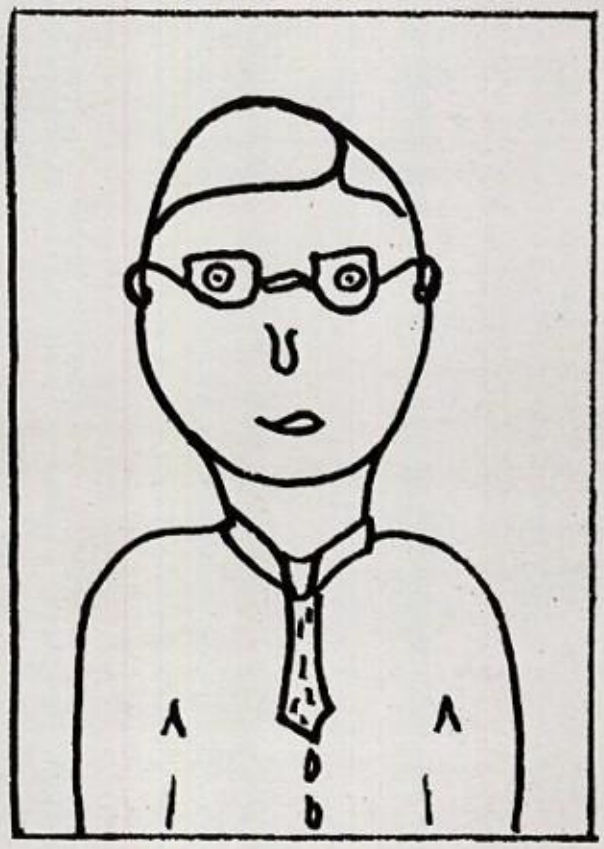
"All right, class, that'll be all the neck exercised for today."

"Is this a glass of water which I see before me?"

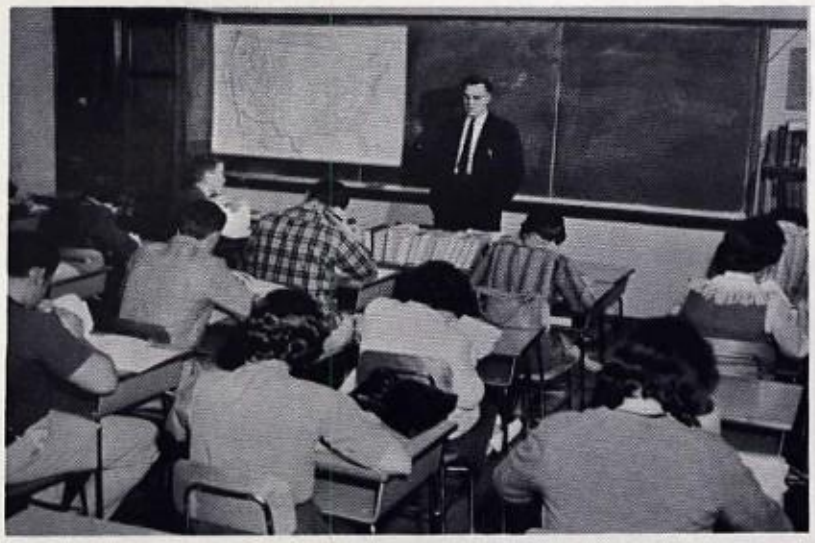
Social Studies

Standing: Arden McAllister. *Seated:* Marjorie Mather, Joseph Coats, Kay Sylor.

"Pay attention to the teacher!"

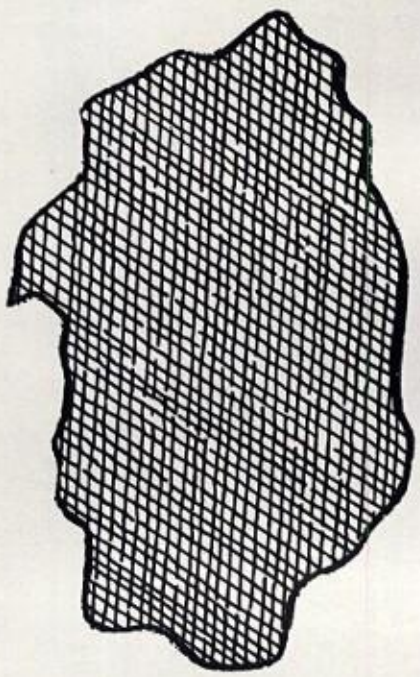


"Doesn't anyone know the answer?"



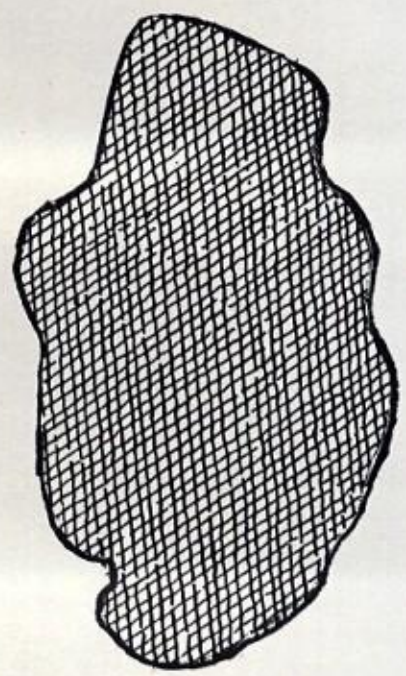
"If you don't know it, check it!"

"Are there any questions you would like repeated?"



The President is a part of the executive branch of the government. The Normans conquered England in 1066. Franklin D. Roosevelt was first elected president in 1932. These are only a few of the many facts which we would probably never have known if it had not been for our social studies courses. Through these subjects we obtain a better understanding of the past and present situations of our government, and thus we are more capable of handling its future problems.

Through the untiring efforts of the social studies faculty—Mr. Coats, Mrs. Mathers, Mr. McAllister, and Miss Sylor—we have obtained a clearer picture of the ideals of democracy.

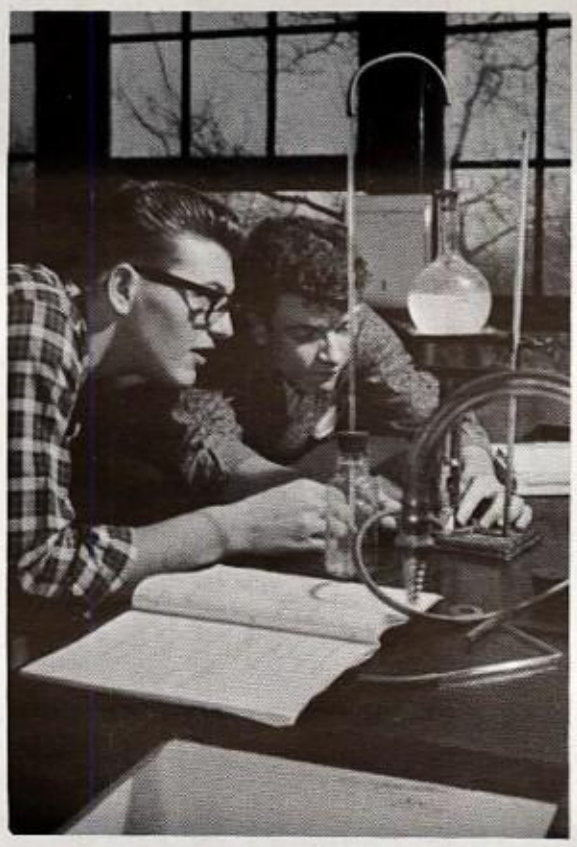


"And as Dick Tracy turned on his wrist-radio . . ."

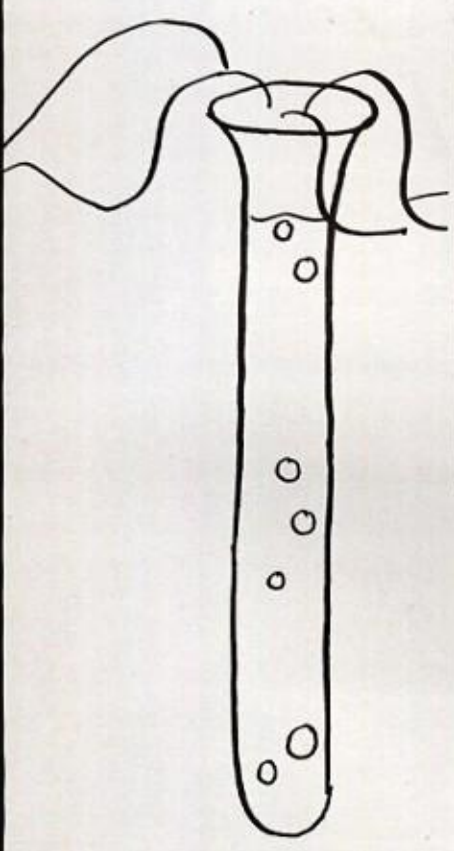
"The Thinkers"

Science

Seated: Marvin Dilcher, David Johnson. *Standing:* William Tierney, Charles Semerad.



"When it starts to turn green . . . RUN!"



"It's a good thing we all have strong stomachs."

Science is perhaps one of the most interesting subjects taught at Medina High School. Freshmen are usually broken into the field by either general science, earth science, or biology. In order to graduate, a student must have passed either biology or health. Biology, the study of living things, is very fascinating in the eyes of most high school students and is, in some cases, their favorite subject.

For those further interested in science, physics and chemistry are offered. These courses are often the sources of the strange smells and strong jolts that may be found around the school.

Mr. Dilcher, the general science teacher, Mr. Semerad, the earth science and biology instructor, Mr. Tierney, the chemistry instructor, and Mr. Johnson, the physics and biology teacher, comprise the science staff of our faculty.

"ZZZAAPP!!"

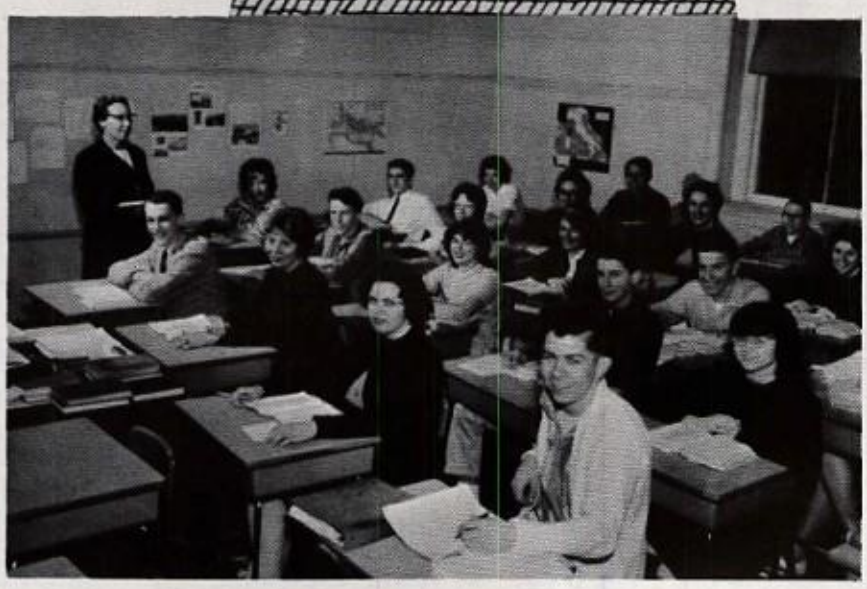
"Is this an angiosperm?
Or is it a gymnosperm?"

Language

Standing: Dorothy Coats. *Seated:* Joan Bye, Joan Johnson.

The language department of our school this year presented three different foreign languages to interested students. A student may have taken four years of Latin under the instruction of Mrs. Coats, or he may have studied either three years of French or two years of Spanish under Miss Bye. This year a third member, Mrs. Johnson, was welcomed to the department to help meet the needs of the increased enrollment in French I.

Oh! Que la classe fait attention ce jour!



"Smile, you're on candid camera!"

Math

Standing: Vito Misiti. *Seated:* Alice Leigh, Mary Ellen Ames.

The Math Department of our school is an excellent one. Under the capable instruction of Mr. Misiti, Mrs. Leigh and Mrs. Ames, such subjects as elementary algebra, geometry, intermediate algebra, and trigometry are taught. This year, the seniors were offered a new course, Math 126, which is based on a college level.

Mathematics can be beautiful?

Darn! I ran out of fingers.

Business

Standing: Agnes Siracusa. *Seated:* David Brown, Helen Slack, Dorothy Bokman.

"Don't look at your hands!"

There are sixteen possible combinations for business courses available to everyone at Medina High School. For example, the most common combination is secretarial, retailing, and bookkeeping. Another possible combination of courses might be office practice, Typing I, and Introduction to Business. For the student who is unable to schedule enough periods per week or has not had sufficient background in a particular course, it is possible to audit a course without receiving a mark or credit. In this way, the student is able to gain some background which would not normally be available to him. These business courses are also part of the education of those students involved in the Work Experience Program. The four main objectives of the business courses are personal neatness, neatness of work, accuracy, and punctuality.

Work Experience

The Work Experience Students.

The Retailing Work Experience program is a unique system which enables students from Retailing I and II classes to gain valuable on-the-job experience by working part-time in local retailing establishments. These students are first taught selling techniques in class, and are then given part-time employment in local stores. These jobs enable the future businessmen and women to come in contact with the internal operations of the business world. Aside from gaining valuable experience, a student participating in this program may obtain one school credit by working a total of 450 hours. The student receives the same wages as any other part-time employee. In this way, the student earns while he learns. This program offers the students an opportunity to explore career possibilities, supplement their school training, and, most important, come in contact with the world in which they live and work.

Art

The Art Department reflected the skill and hard work of all its students this year. Mr. Packard, our new art teacher, replaced Mr. Williams, who retired at the end of the first semester.

Under the supervision of Mr. Williams, the art students added beautiful plaques to our Student Room. These murals certainly were a pleasant and bright addition.

With reluctance we parted with Mr. Williams whose artistic talents have reflected on us for many years. We happily welcomed Mr. Packard to our faculty in January.

"Can't I just take a picture."

"Can I help it, I have a stiff neck."

Raymond Packard, H. Gilman Williams.

"Don't just sit there, do something."

Music

Standing: Mr. Connor. *Sitting:* Mr. Feller.

The music department teaches young people how to become proficient enough in music to perform before audiences. Mr. Connor leads all the singing groups, Mr. Feller directs the band and teaches instrumental lessons, and Mr. Bradley conducts the orchestra and teaches stringed instruments.

A new class, Rudiments of Music, has been established this year. This teaches music appreciation and shows the many different forms of music. The students also study instruments and composers.

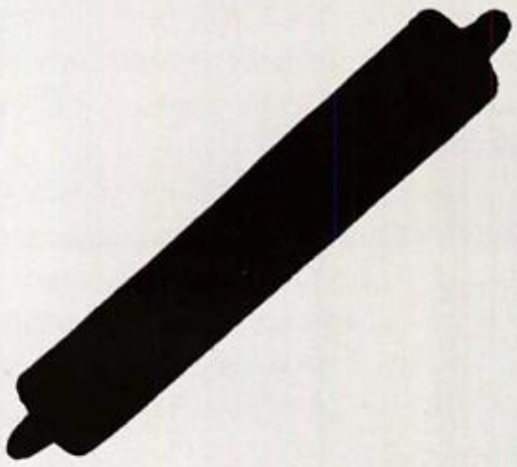
Music has been conducted to our ears this year through the efforts of many separate groups lead by their zealous instructors.

"When I was younger, and but a child . . ."

Home Economics

Catherine Bartlett

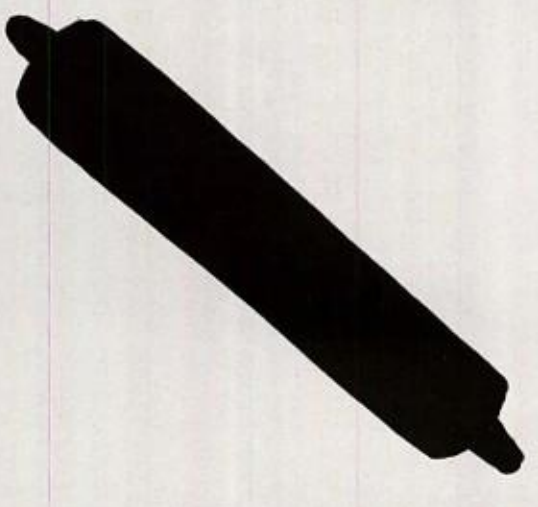
"Pre-heat the oven at 450°."



"You can be sure, . . . if it's Westinghouse."

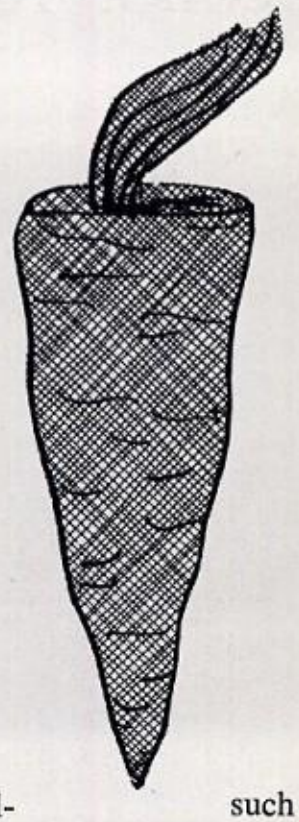
The work of the home economics department is reflected to us now and will continue to be reflected in the future. Mrs. Bartlett heads the department. The homemaking sequence is designed primarily to prepare youth for the responsibilities of homemakers. The homemaker is the one who must organize, plan, and guide the family in their activities. She must be an expert in human relations and management and have understanding and skill in meeting and solving problems. Today's homemaker has responsibilities different from those of the past. Well-planned preparation and continued help for the homemakers are needed.

To meet the demands of the everchanging times, this department offers such courses as home nursing, child care, interior decorating and community living. These courses will all help the student prepare for the time when she will be a homemaker.



Agriculture

"What horsepower!"



Harvey Lyndaker

Since the construction of the agricultural shop, the agricultural program has been extended to offer a course in agriculture mechanics. This helps to supplement the classroom instruction on farm production, marketing and related areas. A student may, in the course of four years, take up to six units in agriculture including two units dealing with farm machinery, tractors, plumbing, electricity, farm structures and welding.

The program is offered to any student interested in farming or related fields such as marketing, processing, machinery sales and service, feed and fertilizer distribution, teaching, conservation, state and federal agricultural departments and farm co-ops.

Of the employed people in the United States, about 40% are engaged in agricultural work. About one-third are in farming and the remaining two-thirds in related fields. All of these people should have a good background in agriculture. Here at M.H.S., the agricultural program is well-equipped to provide this service.

"Don't look so puzzled, Tom."

Industrial Arts

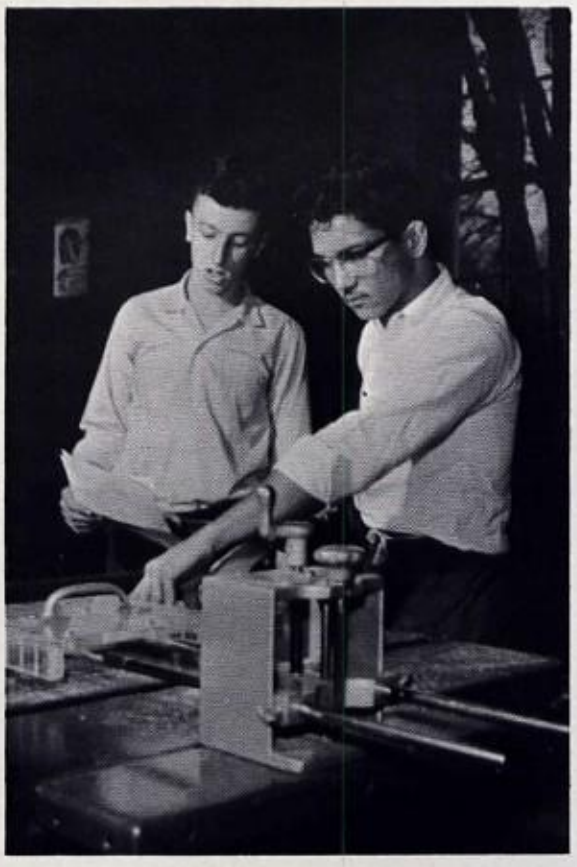
Howard Caldwell, Frank Berger, Loyal Morse.

Mr. Berger, Mr. Morse, and Mr. Caldwell are Medina High's industrial arts teachers. Mr. Berger teaches general metal and general shop. The areas covered in general metal are art metal, bench metal, metal spinning, arc and gas welding, sheet metal, and foundry. The basic areas of general shop are wood working, metal working, and ceramic work.

Mr. Morse teaches vocational machine shop, a course which is taught as a trade subject. The emphasis of the shop is on the teaching of skills and the related information necessary to do the skills. Graduates of vocational machine shop secure jobs in industries in and around Medina. Some continue their education in technical institutes.

"Ouch! My finger."

Gordon Phillips



"Direction number 520 is . . ."

Mr. Caldwell teaches mechanical drawing and print shop. The students are offered Mechanical Drawing I through IV. Mechanical Drawing I and II are to enable the student to read and make working drawings and to develop his skill in lettering and drafting. Mechanical Drawing III introduces the subject of mechanism and teaches information about cams and gears. In Mechanical Drawing IV the student works with architectural drawings.

The print shop performs many services for Medina High. They print tickets, programs, and posters for our school events. They also print our school paper "The Horizon." The students learn silk screen printing and other types of printing. They are also responsible for a certain number of required set-ups.

Vocational

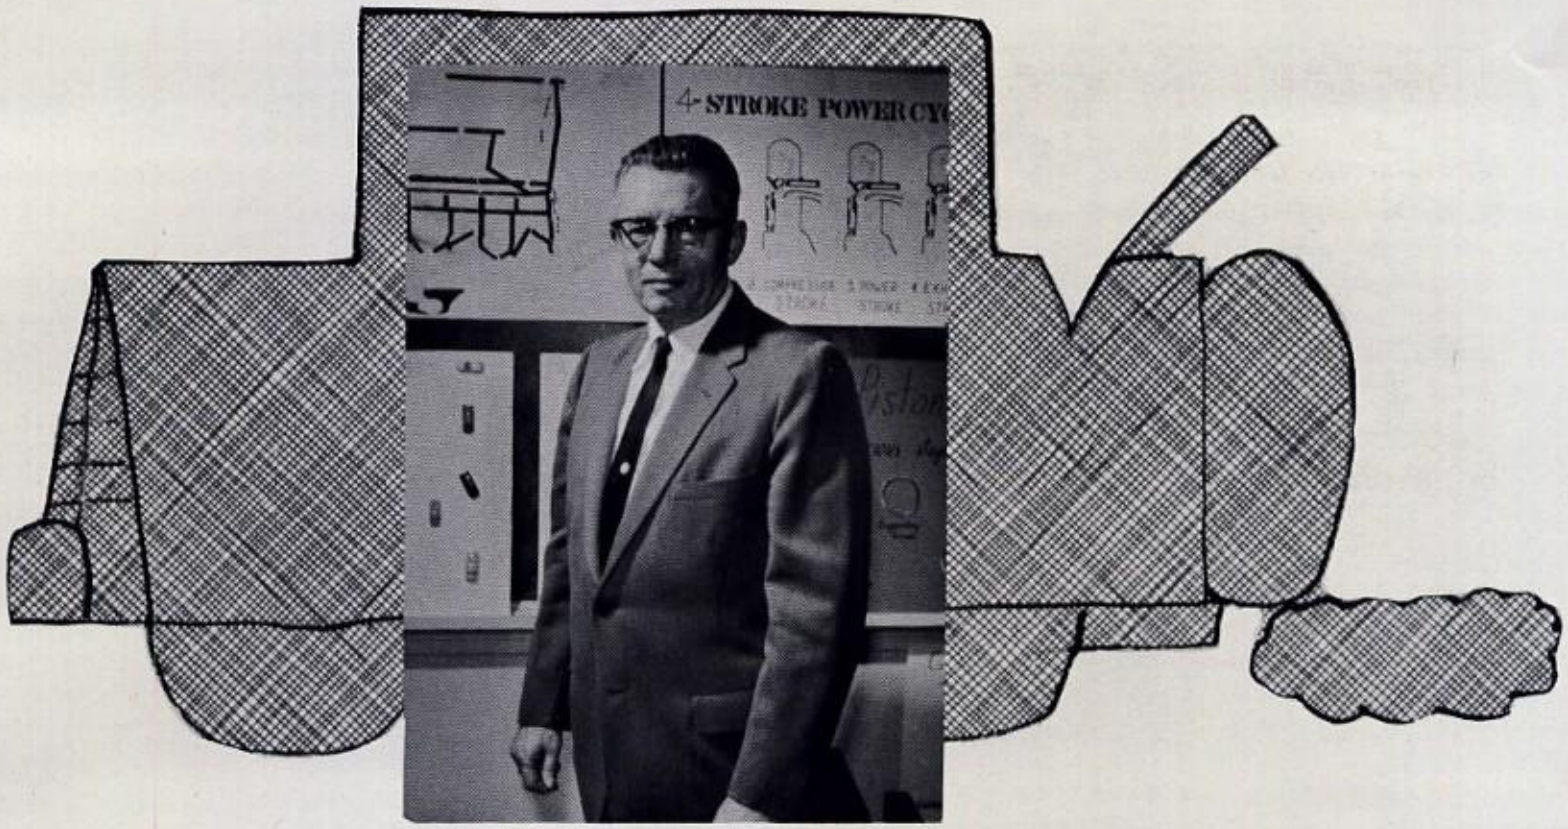
Maria Margaret Hart, Patrick Pendergast.

The aim of special education is to develop responsible, productive, mature adults who will become useful citizens of the community and our country.

You see, working can be fun!

Learning is usually a matter of experience.

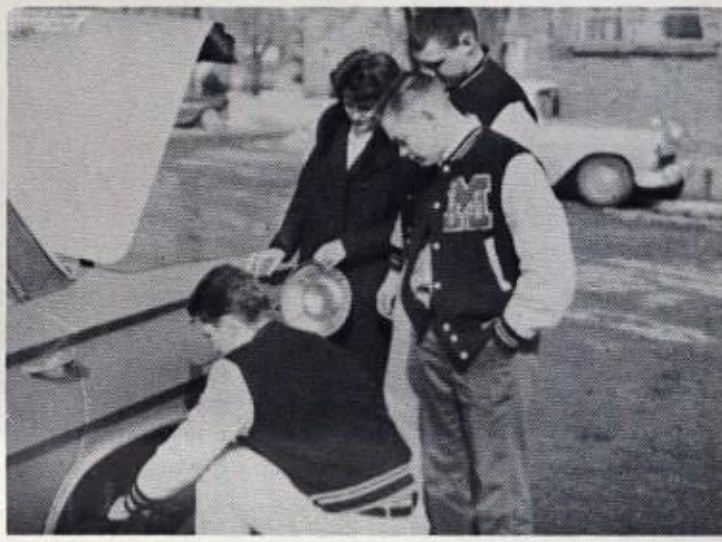
Driver Education



William Matson

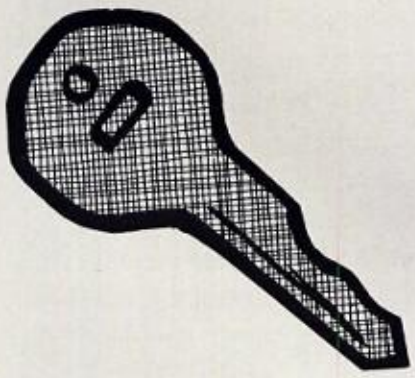
How are "your" driving abilities?

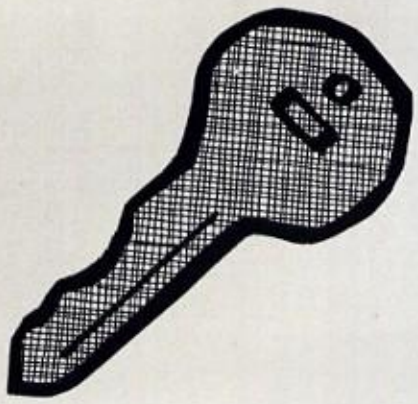
The main objectives of the driver education course are to create a conscientious sense of social responsibility; to equip drivers with the necessary information, skills, practices and habits; and to reduce traffic accidents and violations to a minimum.

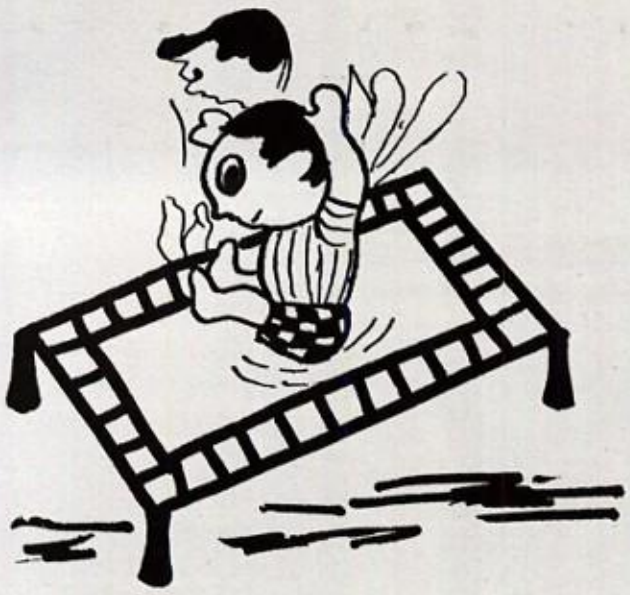


What a place to have a flat!

And this is what's called . . . the car!







Physical Education

Sandra Aylesworth, John Hilliard, John Loughlin.

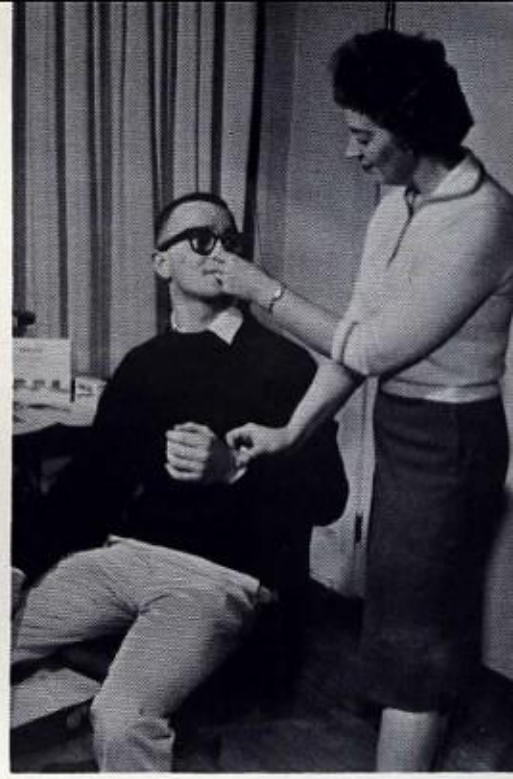
The ultimate aim of physical education should be in harmony with and contribute to the ultimate aim of a general education. The program at Medina High School involves activities such as tumbling, apparatus, basketball, volleyball, bowling, dancing, soccer, and tennis for boys and girls. In addition, are field hockey, deck tennis, and recreation games for the girls while the boys have touch football, wrestling, and track and field activities.

Physical fitness tests are given twice a year to let each individual know where he stands according to his respective age group.

The aim of this department is to provide skilled leadership and adequate facilities which will give all students an opportunity for a variety of activities that will contribute toward the total development of the individual.

Clinic

Standing: Dr. Roach, Roberta Warren, Verna Liskoff.
Sitting: Joan Dunbar.

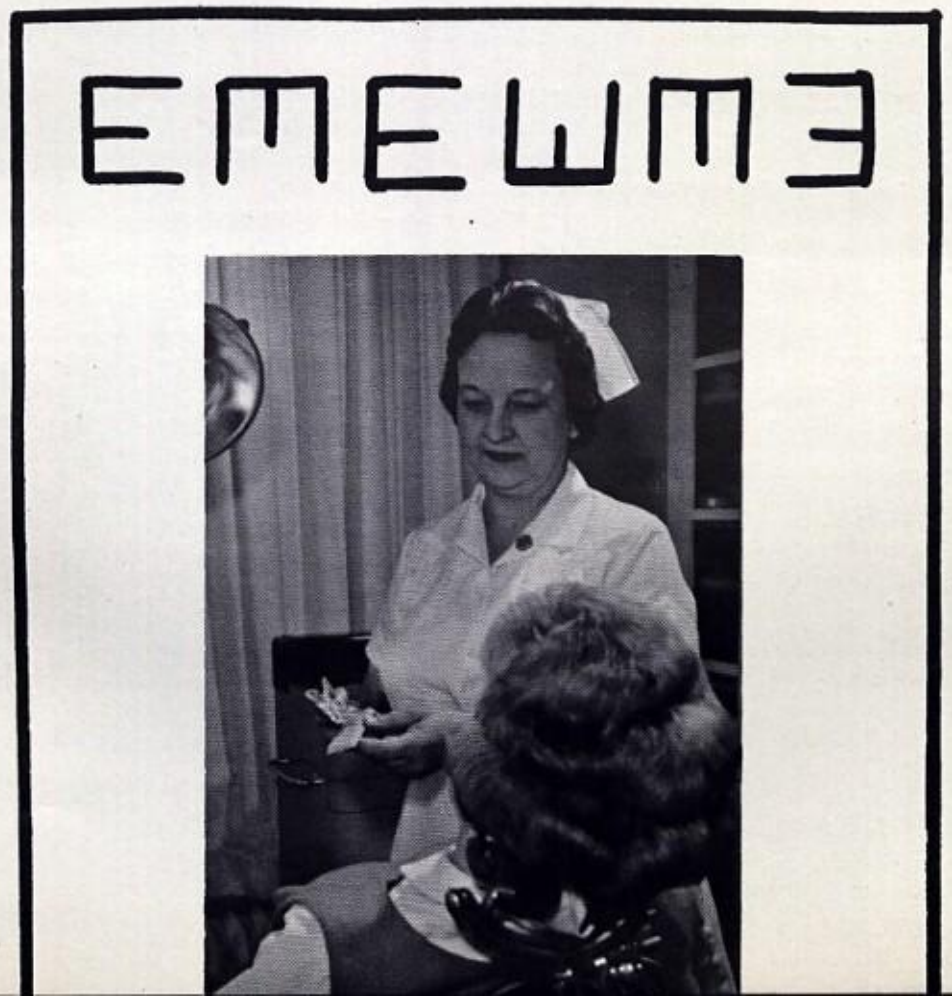


"You let go of my hand and I'll stop biting your finger."

As we look back at the past year, we see much activity in the clinic. Every day many students went there, sometimes with a headache, a sprained ankle or merely a scratched finger. In the clinic, we see Dr. Roach, Mrs. Warren, our capable nurse, and Mrs. Dunbar, the receptionist. They listened to our complaints and tried, usually with success, to cure our ailments. They were available not only for first aid and emergencies but also for health counseling concerning any individual physical or mental problem.

Earlier this year they gave all of us physicals and vision tests. Hearing tests were conducted in the beginning of the year. The clinic administered various shots to those who needed them. Another important person in the office is our dental hygienist, Mrs. Liskoff. We have all had our teeth checked and cleaned by her this year.

All Medina High students are given much good advice and care by such an efficient staff. They help solve our health problems and help develop attitudes and behavior conducive to healthy, happy, and successful living.



"When you're teeth stop chattering, I'll start to drill."

Board of Cooperative Educational Services

Fern W. Wyant, Otto J. Stewart, Joan Garrett.

The Board of Cooperative Educational Services was established to serve Orleans County in 1956. On February 1, 1958, it was expanded to cover a portion of Niagara County. The present cooperative system is composed of Albion, Barker, Holley, Kendall, Lyndonville, Medina and Royalton-Hartland Central Schools. The central office of the Orleans-Niagara B.C.E.S. is located on the second floor of the Medina Public Library Building.

The Board augments services which could not easily be afforded by the individual schools. It offers such special services as music instruction, school lunch direction, remedial reading testing, psychoolgical guidance, psychiatric services, the Vocational, Industrial Cooperative Work Experience Program, business education, distributive education, and speech correction.

Presently employed by the Board in connection with the Medina Senior High School are; Mark Bradley, instrumental music instructor; Beverly Crosby, reading consultant; Ruthanna Davis, school lunch program director; John Douglas, psychologist; Erwin Horwitz; coordinator of distributive education; Leonard McWilliams, co-operative vocation, industrial program coordinator; and Robert Step, speech therapist.

"One year in the United States of America. My compliments; you got it."

This is the way I was greeted by the "AFS'er" that brought me the best news of my life—I was going to the U. S. A.

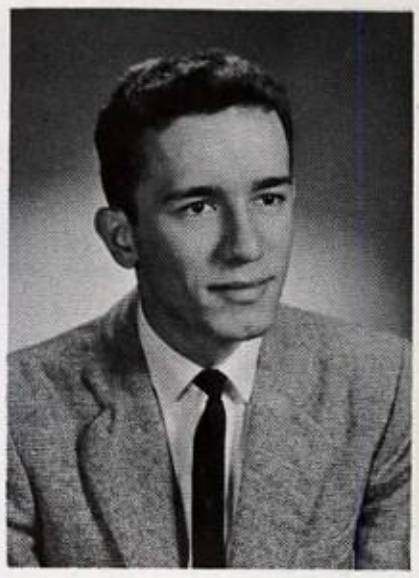
After less than two months of anxiousness and preparations for the long trip, I had arrived in Medina to have a splendid time among the friendly and hospitable people that now I love so much.

I will tell you a little about the stranger with whom you have been dealing during the last school year. I am a Brazilian, proud of his fatherland, born in 1944 in the "pampas" of the most Southern state of that big and warm country.

I have the good fortune of being the eldest brother of a lovable girl and two fine boys. My father is a partner in two tanneries, and my mother is a perfect housewife. It is a wonderful family. We live in a little city called Lajeado and enjoy our living there.

In this book I want to leave two little words that summarize everything I could say to all of you—"Thank you." Thank you very much, Americans; nothing but your kindness could have been able to provide me with such a marvelous time as I have had with you. Thank you, Medina High School. I will never forget you.

ALROALDO ALMIR ENDRES



I was born in Cali, Colombia, a South American city near the Pacific Ocean, of more than a half million inhabitants.

My father is a surgeon, graduated in Colombia.

I came to the United States in the Exchange Student Program to learn the customs of your people, the American life, and your sports.

I came to Medina, a little but beautiful town, which I loved from the first time I saw it. I love your people and all they have shown me. I am not used to the seasons, a thing we haven't in my country.

Now I have to leave Medina, but I will carry my school with me in my heart and my memory.

I hope to study more architecture later in my country and come another time to this country to learn new techniques.

For this I do not say, "Good-bye;" I just say, "Until then."

ALFREDO SALAZAR

The Class of 1962———*Remember When?*

As the class of 1962, we were the first to graduate from both the Oak Orchard Elementary School and Medina Junior High School.

During sixth grade, our class presented the operetta "Mozart." Remember Linda Hellert as Mozart, Kathleen Green's ballet, and the minuet dancers?

Remember, in eighth grade, when the girls went to shop on April Fool's Day and the boys reported to the home economics room? It was such fun when we first moved into the Junior High and watched plumbers and electricians run in and out of our class rooms. At the end of the year we held our graduation dance, "Sugar Moon."

As freshmen, we were the first class to be offered earth science. Remember how we all struggled with citizenship education that year, and who will ever forget the perils of David Copperfield? Also, many members of our class had a hand in the 1961-1962 Student Association ticket drive.

It is always fun to look back and remember old times, but now that we are leaving, we won't have much time to look back. The future, as well as the past, is important to us now.

Our senior class won seventeen New York State Regents Scholarships, a record not to be equaled by any other M.H.S. graduating class. Equally as impressive is our receiving four of the top five positions in the county in this competition.

The *Horizon,* the school newspaper, because of its thorough and hardworking staffs, maintains a complete and detailed coverage of the many events which take place during the year at M.H.S. In addition to present students, this weekly newspaper is read by many people such as college students who are Medina alumni, pupils who have left Medina High School to attend different school systems, and many other people in the immediate community. Our school carries on an exchange of school newspapers with other high schools, so that we are given the privilege of reading articles which have appeared in other papers, just as other schools have the opportunity to read articles which have appeared in our paper. Each reporter on the *Horizon* staff has the job of writing an article which reflects the workings of the club, council, or department which has been assigned to him. All of this is made possible by the time and determination devoted to the paper by the members of the staff, the editors Karen Elsom and Ellen Wheatley, and the advisors Mr. Caldwell and Mrs. Brundage.

Future Nurses

Among the vocational clubs at Medina High School which reflect the future of their members is Future Nurses Club. With Mrs. Warren as the advisor, almost eighty girls are directed by these officers: Mary Lynn Schilling, President; Phyllis Donelson, Vice-President; Pat Kozloski, Secretary; and Mark Richelson, Treasurer. These girls devote much of their time to helping Mrs. Warren in the clinic and working as "candy stripers" at Medina Memorial Hospital, where they help the nurses and cheer the patients. Many girls come to enjoy the work so much that they put in extra time over the weekends. This year the members took a field trip to Rochester, where they divided into two groups. Some visited Highland Hospital and others visited the Genesee School of Nursing.

The reflections on the cymbals tell that Senior Band, directed by Mr. Feller, has been enjoyed by everyone this year. With its 53 participants, the band has performed at eight football games, many assemblies, and numerous other activities. This has given the group several honors: 22 members went to County Band, three to Sectional All-State Band, and Thomas Vosteen to All-State Band. Echoes of cheers for this group will remain behind.

Majorettes

Kneeling: Scott. *Standing:* Dennis, Falk, Fidanza, McGaughey, Parker.

The Majorettes and Drill Team of Medina High, under the leadership of Geraldine Scott, brought much enjoyment to their audiences during performances this year. The Majorettes, with their flashing batons, led the band onto the football field during home games at half-time. While the band played, these girls entertained the crowd with their difficult routines. The Drill Team, also known as the "Rockettes," a new organization this year, performed at basketball games during half-time. The hard work of both groups has been reflected in their enjoyable performances.

Blackburn, Linderman, Sander, Miller, J. Martin, Trow, A. Hill, Grimes, Klawitter, Schilling, Clarke, Conroy, Graham, Wheatley.

A Cappella Choir with its director, Mr. Connor reflects upon their past year with justifiable pride. Their busy Christmas season included singing for the Heinz Party, the Chamber of Commerce, and the annual high school assembly. At other times, its members performed in assemblies, Honors Convocation, Spring Concert, Competition Festival, and graduation. From its midst nine went to Sectional All State and 40 to County Chorus; Jim Pahura sang in All-State Choir, a great honor for any vocal student. Much practice and the effective use of innate talent rewarded the choir with abundant praise.

Orchestra

Under the capable direction of Mr. Bradley, the orchestra has greatly contributed to the musical program of Medina High during the '61-62 school year. This year's activities included All-State Sectionals at Attica, New York, the Christmas Assembly, and the Spring Festival. The final performance was the Spring Concert held at the Oak Orchard Elementary School. The orchestra is a great asset to our school, and we are proud of the fine work it has done.

Front row: Martin, Thaine, Anstey, Farewell, Feller, Lyon. *2nd row:* Alderson, Snell, Howland, Shearer, Rafferty, Callard, Page, Clarke, Lewis, Mason. *Back row:* Majeski, Mr. Bradley, Wolter, Slack.

Mixed Chorus

The Mirror shows that Mixed Chorus, under the leadership of Mr. Robert Connor, has performed notably with its unusually young members, primarily freshmen and sophomores. As a group of 75 participants, they have sung at assemblies, the Assembly Night, and the Spring Concert. At the latter, they executed two songs jointly with their brother organization, A Cappella Choir. From this group, an unusual number (18) of the freshmen members were chosen to attend County Junior Chorus. Though it was a very large assemblage of singers, the talent and enthusiasm of its members soon became evident. These two characteristics were reflected in the generous applause the group received.

Front row: Parker, Wieczorek, Kozloski, Jarvis, Quintern, Andrews, Furness, Mr. Connor, Pask, Crafts, Yaxley, Iorio, Gardner, Farley, Lepp, Lyon. *2nd row:* Perry, Snell, Wilkins, Da. Glee Club

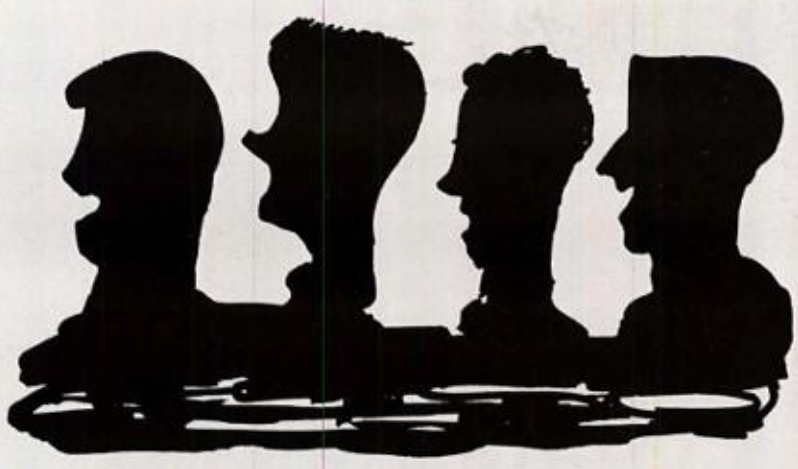
The Boys' Glee Club can reflect on a very successful year. These boys, all members of A Cappella Choir, devoted one activity period a week to rehearse with Mr. Connor. All were members of the County Chorus, and some participated in the All State Sectional Choir. Also included in their reflections of this year is their performance at the Spring Concert.

Front row: Clark, Gregory, Beales, Lepp, Mr. Connor, Vosteen, P. Hill, D. Hill, Pahura. *Back row:* Satkowski, Grimes, Martin, Klawitter, Trow, A. Hill, Sander, Miller, Da. Hill, Johnson.



Girls' Chorus

The musical leadership of Mr. Connor is reflected in this year's Girls' Chorus. This group of fifty-five girls, consisting mainly of freshmen and sophomores, has practiced diligently three periods a week, and are understandably proud of what they have achieved. They have entertained us at an assembly and have performed for the general public in the Assembly Night Program and Spring Concert.

Front row: Hellert, Caldwell, Hill, Mazzo, Caleb, Wood, Mr. Connor, Haley, Straba, K. Gardner, Armstrong, Wolff, Adams. *2nd row:* Moule, Brigham, Brunkhorst, Phinney, Gerzoff, B. Looking back on Medina's 1961 football season proves to be a pleasant task. The long hard practices, including time some individuals put in themselves during the summer, resulted in a league co-championship for our Mustangs. Led by co-captains David Lepp and Dick Miller, our boys compiled a 7-1 record, losing only to Akron in a disappointing first game. Halfback Norm Goheen, a junior, was high scorer for the Mustangs with 84 points, but without the hard work of the linemen, who often are overlooked by many fans, this championship team would not have been possible. It goes without saying that the coaches, Mr. Loughlin, Mr. Coats and Mr. Hilliard were indispensable forces contributing to the team's success.

Reflections of the junior varsity football team of 1961 show an undefeated season, but just as important are the bright prospects of the future varsity teams which will be built utilizing these boys. Much promise was shown by both the backfield and the linemen of this year's team as the junior Mustangs compiled a 7 wins and no losses record. The team was led by co-captains Jack Dawson and Gary Hudson under the direction of Coach Mancuso. An interesting statistic shows that the junior varsity team outscored their opponents 119 points to 31. Quite an impressive record!

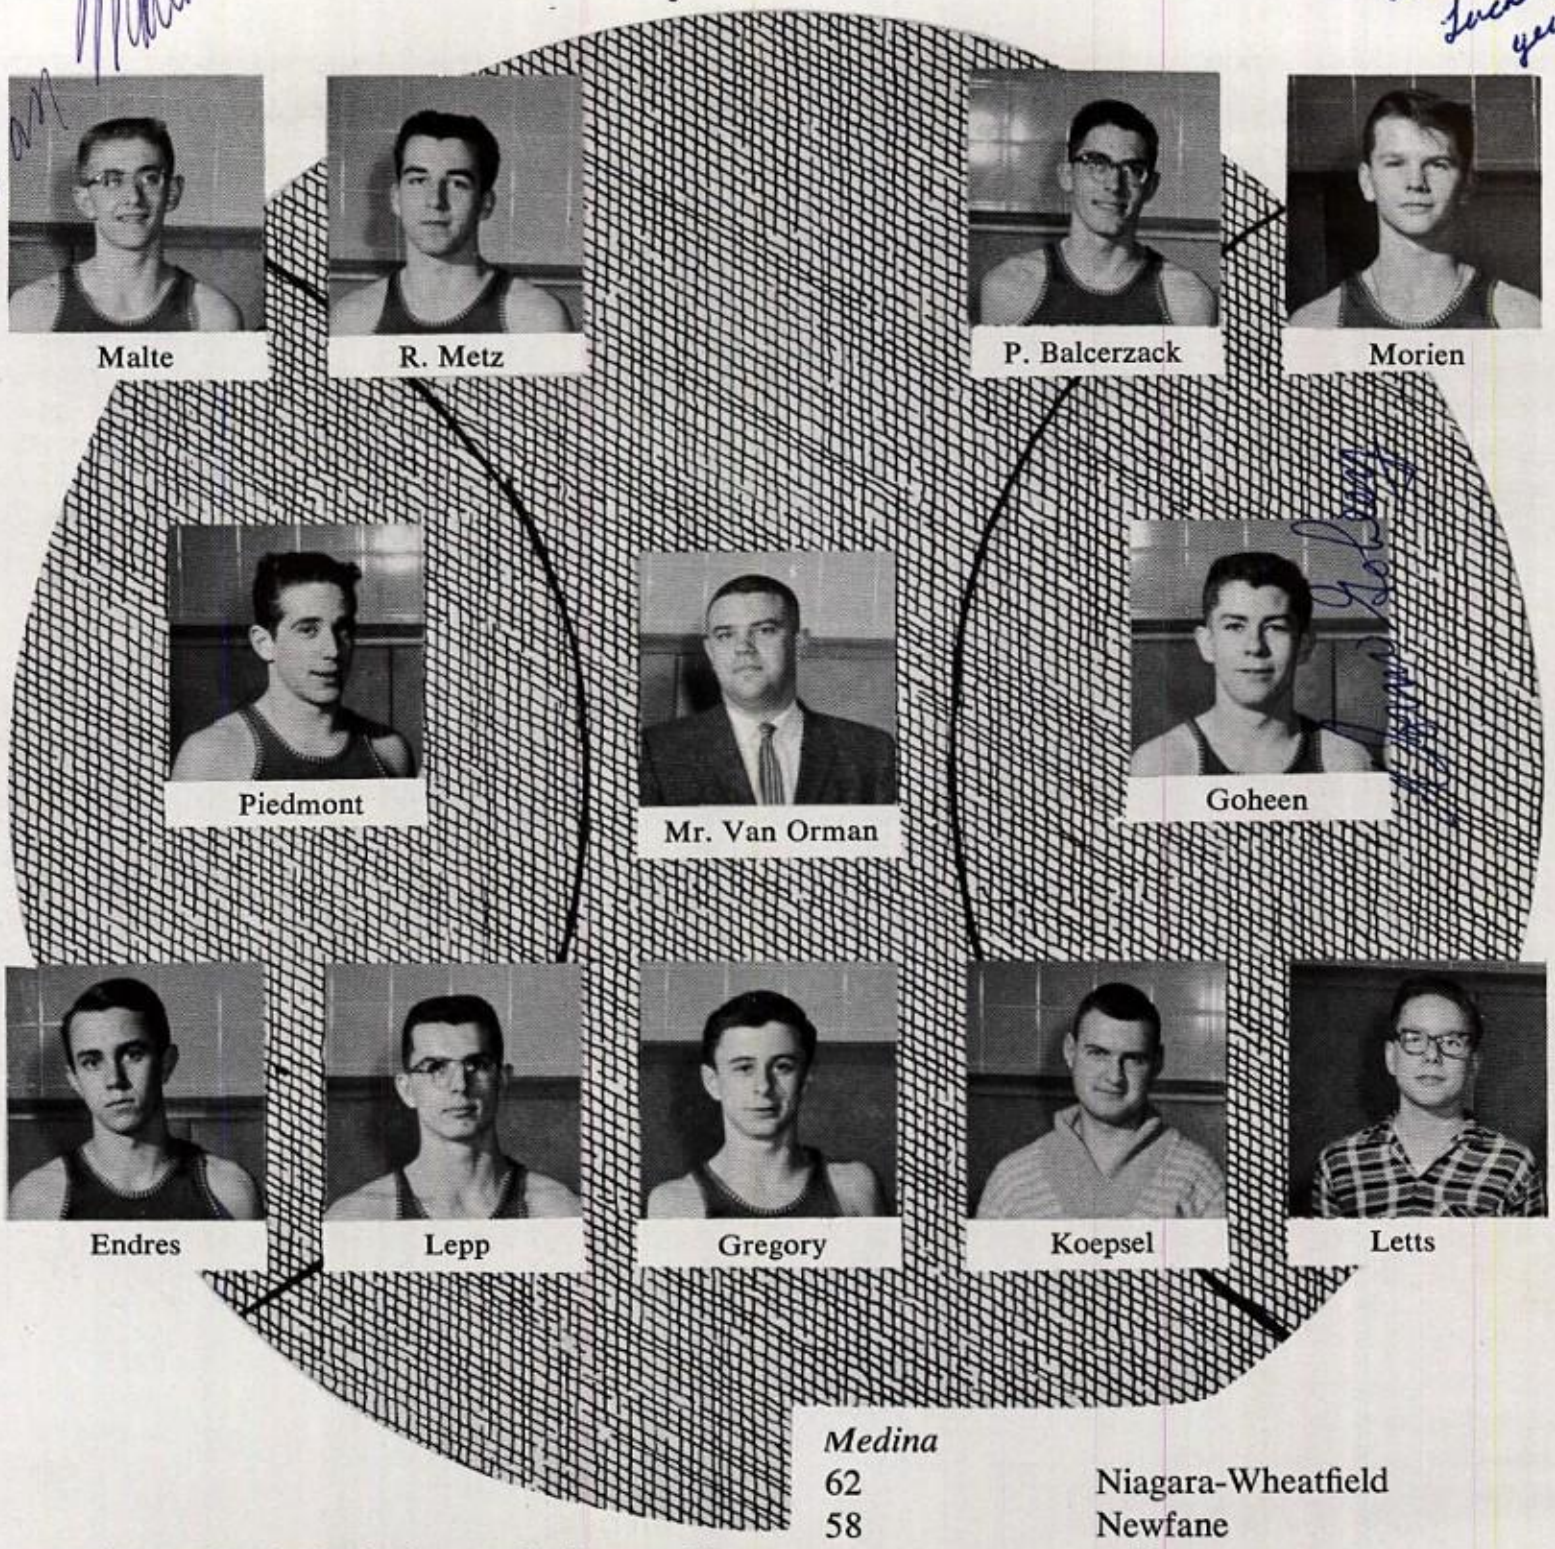
Varsity Basketball



This year, the varsity basketball team had one of its most successful seasons in the last several years. Under the coaching of Mr. Van Orman, the team won a chance to go to the sectional competition for its class. Although the team was in first place most of the season, an ending slump caused the team to finish with a tie for third place in the league. Although we could not quite attain the championship, the boys' worked hard and we should be proud to be represented by such a team.

With Mr. Semerad as coach, the J.V. basketball team had an interesting season, finishing sixth in league competition with an overall won-lost record of eight and eight. Despite the loss of several key players to the varsity, the J.V.'s still earned many victories for M.H.S. Several overtime games were played during the course of the season and these proved to be fatal to the team. All in all, this team showed superior ability and our school should be proud to have such a team.

Weakened by the loss of many senior lettermen from last year, our wrestling squad went through a period of rebuilding this season. Although lacking in experience, the team, composed of many sophomores and juniors, worked hard and didn't let this fact bother them. Coach Lyndaker and the student body should certainly be pleased with the fine work shown by these young athletes.

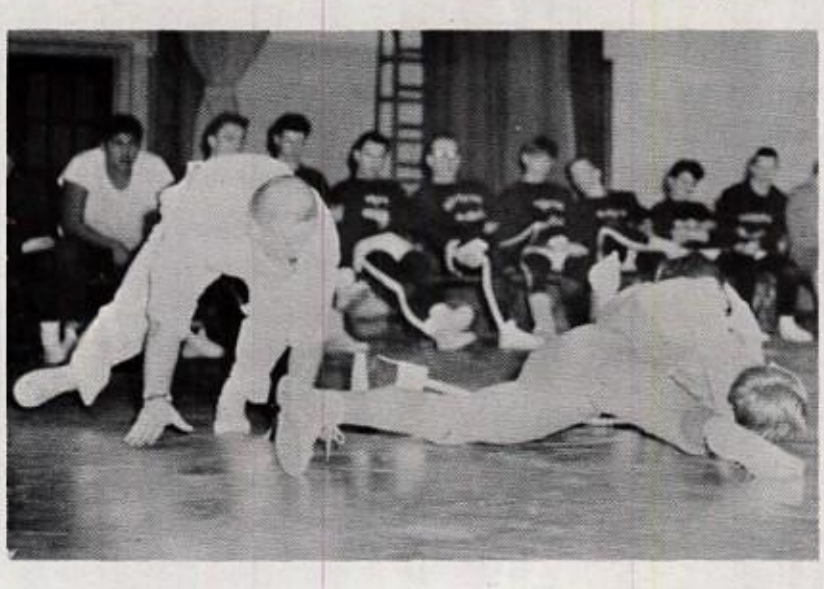
"What is it, Ref?"



A little known team at Medina High School but one from which much pleasure is derived is the golf team. Under the sponsorship of Mr. Loughlin and the direction of Shelridge "pro" Ed McElligot, the team learned a great deal about golf. Although no golf matches were won out of the six played with larger schools, these boys gained good experience in a game that will probably be useful to them in later years.

Last track season proved very successful for our team, which lost only one league meet out of five. Medina also placed second in three triangular meets which were against larger schools. Under the coaching of Mr. Sleight and Mr. Lyndaker the team worked hard all season building up to the county and sectional meets at the end of the season. Medina finished third in the county meet with blue ribbons going to Don Harmer in the 220 and to our 880 relay team.

Cross Country

Every fall a rather small group of dedicated athletes practice and hold meets. This is the Cross Country Team which takes great pride and pleasure in its long distance running. Last year, under Mr. Meinzen, Medina competed in five meets, winning two dual meets and scoring well in the other three. The squad was led by five letter winners, three of whom will return next season. We should be proud of these boys for their hard work and the determination they have shown.

The 1961 baseball season closed on a sad note for the varsity players with six wins and seven losses. Three of the games were extremely close, being only one-run wins. These were with Starpoint, Roy Hart, and Albion with Medina winning the Roy Hart and Albion games.

With Mr. Hilliard as their coach, the boys played hard and must be commended for their excellent sportsmanship demonstrated during the games.

Last spring under the coaching of Mr. Mancuso, the J.V. baseball team completed a fairly successful season. While playing eleven games the Mustangs emerged with a won four and lost seven score. Of course the team put in much hard work after school and the worthwhile experience they gained outweighed the won-lost record. We should be proud of these dedicated teams.

Under the excellent coaching of Mr. Houserman, the Medina High Tennis Team had a very successful season winning fourteen matches and losing only three. Despite the fact that there were many younger players lacking experience, the team should be commended for its excellent showing.

Boys' Bowling

Front row: Starkweather, Boyle, Albright, Mr. Loughlin, Falker, Lewis, Dunham. *2nd row:* Mann, Pasniak, Stahl, Lewis, Harling, C. King, Scarpinato, Koneski, McElwain, Sargent, Keller, Petkus, McPherson, Robinson. *Back row:* Hall, G. Johnson, Seefeldt, Bensley, Kozloski, Bateman, Trow, A. Hill, E. Brady, Kiebala, Alan, Hibbard, Blanc, Feltz.

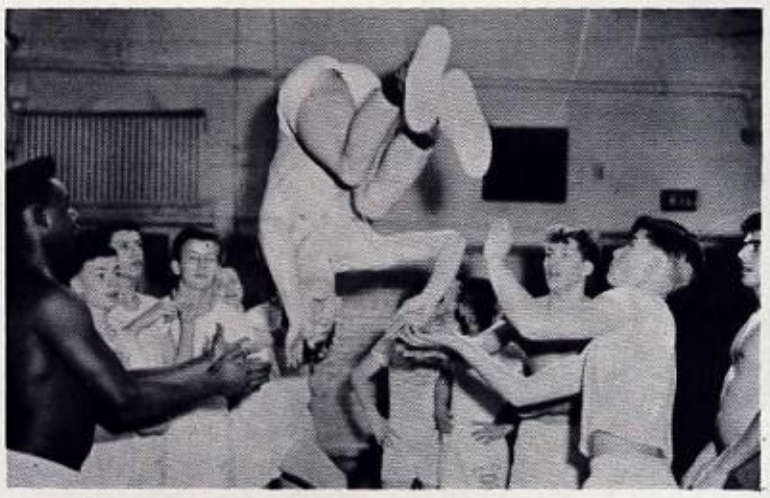
"Is it going to be a strike?"

As an added attraction for M.H.S. students, bowling not only produces relaxation for the students participating but also supplies them with physical conditioning. This year there are 10 teams with four senior teams and 6 junior league teams. The senior league, comprised of juniors and seniors, bowled each Wednesday while the junior league comprised of freshmen and sophomores, rolled on Mondays. As before, the alleys used were Ranallo's where the pins flew in every direction when the ball hit them. Individual scores were excellent this year with several boys topping two hundred.

Boys' Intramurals

Front row: J. Hobbs, Winters, Blackburn, Knight, J. Russo, Harmer, Woodrich, Fernberg, R. King, Andrews. *2nd row:* Price, Kozielski, P. Clark, Kennedy, A. Satkowski, Clack, Mr. Loughlin, Hudson, Castricone, Smith, Dunham, Vargas, F. Russo. *Back row:* Majeski, Fulwell, C. Sheelar, Balcerzak, Blanchet, C. Brady, L. Walker, Metz, Reese, Seefeldt, L. Gray, Lasal, Seekins, R. Knights.

Starting late this fall, the intramural program in the form of the bodybuilding club, began. Under the direction of Mr. Loughlin, all interested boys met three times a week in the gym during activity periods for a variety of intramural sports. Throughout the winter months these boys worked on weight lifting and the various apparatus available to them. Towards the end of winter, volleyball teams were formed and now this sport was the center of attraction. In spring the boys shifted to softball which was the final sport on the program. This intramural program was clearly beneficial to all the boys who participated.



"Who said man can't fly?"

Student Leaders

Front row: Shultz, Campana, Page. *2nd row:* Dutton, Phinney, Mrs. Aylesworth, Crossman, Mirand. *Back row:* Sanderson, Conroy, Donelson, Nudd, Bacon, Elsom, Schilling, Baldwin, Clark, Parsons.

Front row: Ford, Blackburn, P. Clark, Dunham, A. Satkowski, Harmer, Smith, Wodrich, McCauley, King, Hobbs, Musto. *2nd row:* Hobbs, Pritchard, Pratt, Hudson, Bush, Gray, Fulwell, Gross, Washad, Dawson, Di Guilio, Hinman, F. Russo, Mr. Loughlin. *Back row:* Sheelar, Berry, Furness, Blanchet, Balcerzak, E. Brady, Thompson, Metz, Dool, Herriven, Seefeldt, Cooper, Seekins, Lasal.

Can you hear the volcanic explosions echoing from the girls' gym? It's just the girls' doing jumping jacks under the assistance of Student Leaders. These girls are selected on the basis of character, scholarship, and leadership. They serve as assistants to Mrs. Aylesworth, the supervisor of this group.

Coach Loughlin has assistance from the Boys' Student Leaders. They aid him by taking attendance, helping to keep the squads in order and demonstrating gymnastic skills.

Both groups gain valuable experience by having the privilege of being assistants to their respective gym teachers.

Girls' Bowling

Front row: Shultz, Sipple, Page, Campana. *2nd row:* Dawson, McMurray, Page, Mrs. Aylesworth. *3rd row:* Perry, Pittard, Pritchard, Parsons, Woodbridge, Mirand. *4th row:* Smith, Howell, Graham, Nudd, Gumtow, Warren. *Back row:* Farley, Menclewicz, Albone, Bacon, Blackburn, Richelsen.

Front row: Schmitt, Kozloski, Watts, Mrs. Aylesworth, Scottow, Gavenda, Baron. *2nd row:* Conley, Thiel, King, Menclewicz, Zyne, Pescara, Hess, Green, Keep, Ford, Anstey, Hellert, Livingston. *Back row:* Klatt, Crossman, Phinney, Sanderson, Stewart, Wheatley, Schilling, Elsom, Linderman, Satkowski, Rumble, Conroy, Donelson, Dutton.

Front row: Phinney, Howe, Plummer, Lasal, Schlegel, Mack, Brazzell, Lepp, Mirand, Rafferty, Fortunato, Fackler. *2nd row:* Kelly, Ryan, Hill, Wood, Mazzo, Moore, Chenoweth, Gardner, Caldwell, Gardner, Wieczorek, Draper, Livingston, Schepis, Scipioni, Litchfield, Lyons, McGaughey, Wolff, Garrett, Parker. *3rd row:* Bacon, Stewart, Ranallo, Goodwin, McElwee, Moore, Willgens, Brennan, Newman, Clark, Moule, Ransom, Farely, Pettit, Hungerford, Felts, Kozubal, Parsons, Houserman, Powley, Harris, Gardner, Biernacki, Williams.

If one were to look back a few weeks, he would find that Nicki Dutton, under the direction of Mrs. Alysworth, had managed twenty-eight bowling teams during the winter months. With six girls on a team, league rules are combined with a lot of fun and a various range of scores!

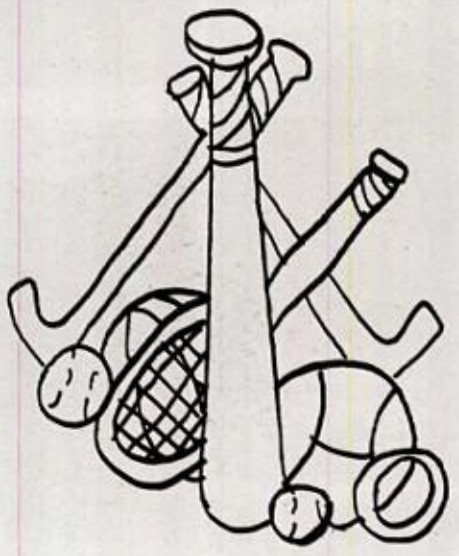
Girls' Intramurals

Front row: King, Anstey, Baron, Harden, Gavenda, Mrs. Aylesworth. *2nd row:* Ford, Keep, Green, Livingston, Scottow, Miller, Hess, Pescara, Menclewicz. *Back row:* Watts, Crossman, Dutton, Conroy, Schilling, Elsom, Linderman, Satkowski, Sanderson, Phinney, Zyne.

Front row: Mrs. Aylesworth, Paige, Campana, Schultz, Santillo. *2nd row:* Willet, Pittard, Scottow, Fuller, Stimpson, Pritchard, Blackburn, Mirand, Voelker. *Back row:* Parsons, Howe, Clark, Menclewicz, Gorham, Bacon, Flower, Albone, Richelsen, Nudd.

Remember the strange sounds you heard coming from the girls' gym after school? Chances are you were hearing girls talking (or yelling) about basketball, volleyball, trampoline, hockey, soccer, or softball intramurals. Managed by Mrs. Alysworth, they were thoroughly enjoyed by all.

Front row: Lyons, Mack, Beeton, Parker, Morphet, Morien, Kelly, Garrett, Caldwell, K. Gardner, DuVall, Kinney, Armstrong, Mirand, Wieczorek, Wolff, Gardner, Howe, Flower, Mrs. Aylesworth. *2nd row:* Swift, Williams, Litchfield, Bacon, DuVall, Brunkhorst, Moore, Houserman, Newman, Powley, Hungerford, McElwee, Wood, M. Morphet, Meland, Gerzoff, Kubatek, Biernacki, Draper, Livingston, Phinney. *3rd row:* Brigham, Farley, Farewell, Stornelli, Balcerzak, B. Caldwell, Koneski, Quintern, Mazur, Laatsch, Eddy, Rumble, Zybeck, Lepp, Shultz, James, Moule, Reigle, Parsons, Brennan, Bukiewicz, Clark.



Cheerleading

Mirror, mirror on the wall, who were the loudest of them all? Peering deep within the glass, we see the image of the fifteen Medina Cheerleaders, commonly described as "Where the Noise Are." Mrs. Sandra Aylsworth sponsored this year's squad, and captains were Janice Phinney, J.V. and Carolyn Phinney, Varsity. With new uniforms, some new faces, and a lot of enthusiasm, these girls cheered football and basketball teams to victory in 1961-62.

Behind the Scenes

The students of Medina High School should never forget the behind-the-scenes workers without whom we would be lost. The cafeteria staff, under the direction of Mrs. Davis, our dietician, skillfully provides well-balanced meals. The school is always kept neat and clean by our diligent custodians. Our bus drivers furnish safe transportation for rural students. The students of Medina High School are very proud and greatly appreciate the very important roles these individuals play in our school.

Standing: Kraatz, Winans, Tucker, Pettit, Watts, Sills, Iorio. *Kneeling:* Marciniak, Britt, Cromwell, Tuohey.
